

Holiday Store WISHLIST

Our Holiday Store provides young people the opportunity to practice generosity. This empowering activity can provide not only a happier holiday season for our youth and their families, but supports youth to be caring, generous, and civically engaged citizens for our community. Your donation of a new, unwrapped gift makes it possible. Gifts for all ages are appropriate as the youth will be giving them to their guardians, grandparents, siblings, and babies.

Donate items from the gift ideas list, sponsor a holiday gift drive at your work, community center, or faith-based organization, or gather gifts with your friends and family. Financial contributions are always welcome too - more than half of our holiday store items come from donated items, so cash/check donations will contribute to purchasing more gifts for youth to choose from!
